

PASSMATE

DEFENDERS OF THE DIGITAL
WORLD

CREATED BY
Ravi Savani

THE LOCK-OUT

Leo, a young gamer,
has been locked out.
His password '1234'
was too easy.

What?
I can't log
in!

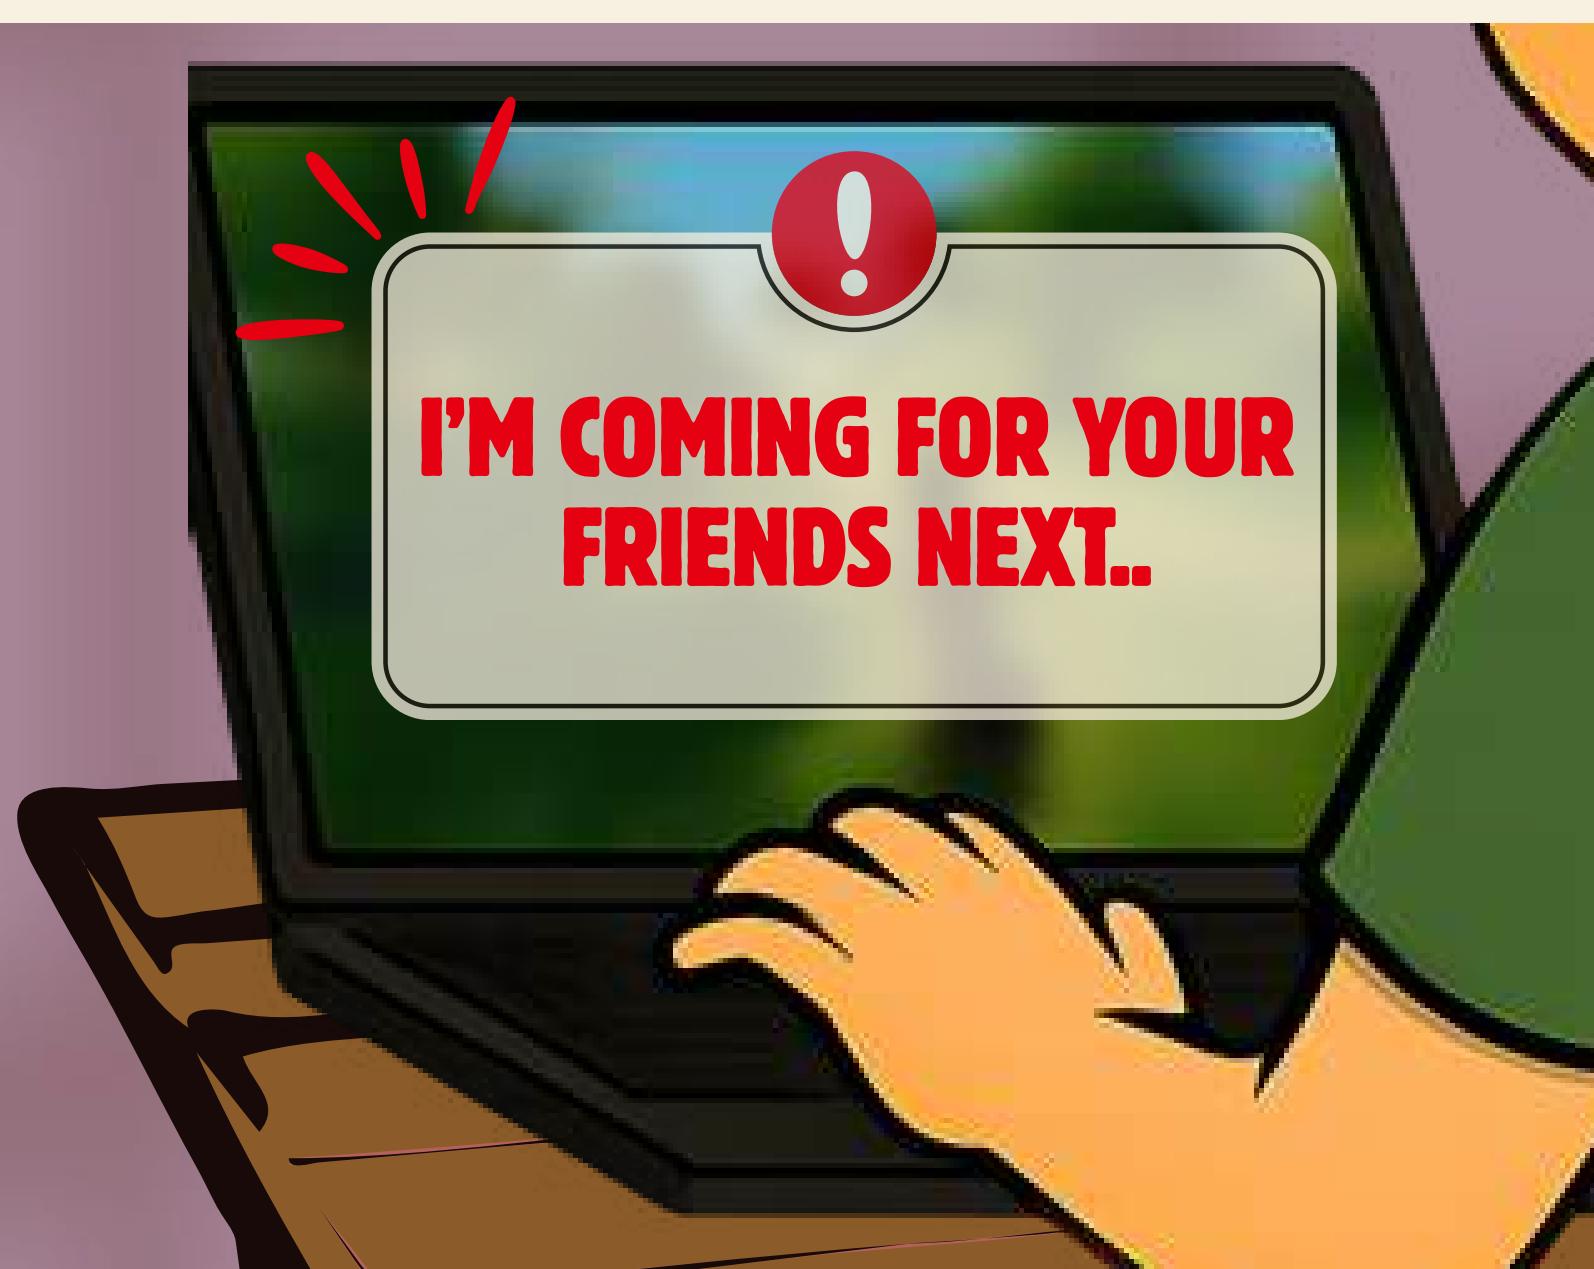

Boom! His account
was hacked – just
like that.

Don't use easy
passwords like "1234"!

I'M COMING FOR YOUR
FRIENDS NEXT..

Leo was just the beginning...

ENTER HACKZOR

They don't even know what's coming...

THE TROUBLE SPREADS

What's going on with my computer?

Hackzor's bots are already inside...

Leo said something like this happened to him...

Do you think someone's hacking us too?

THE PASSWORD HEROES ARRIVE

DIGITAL SHOWDOWN

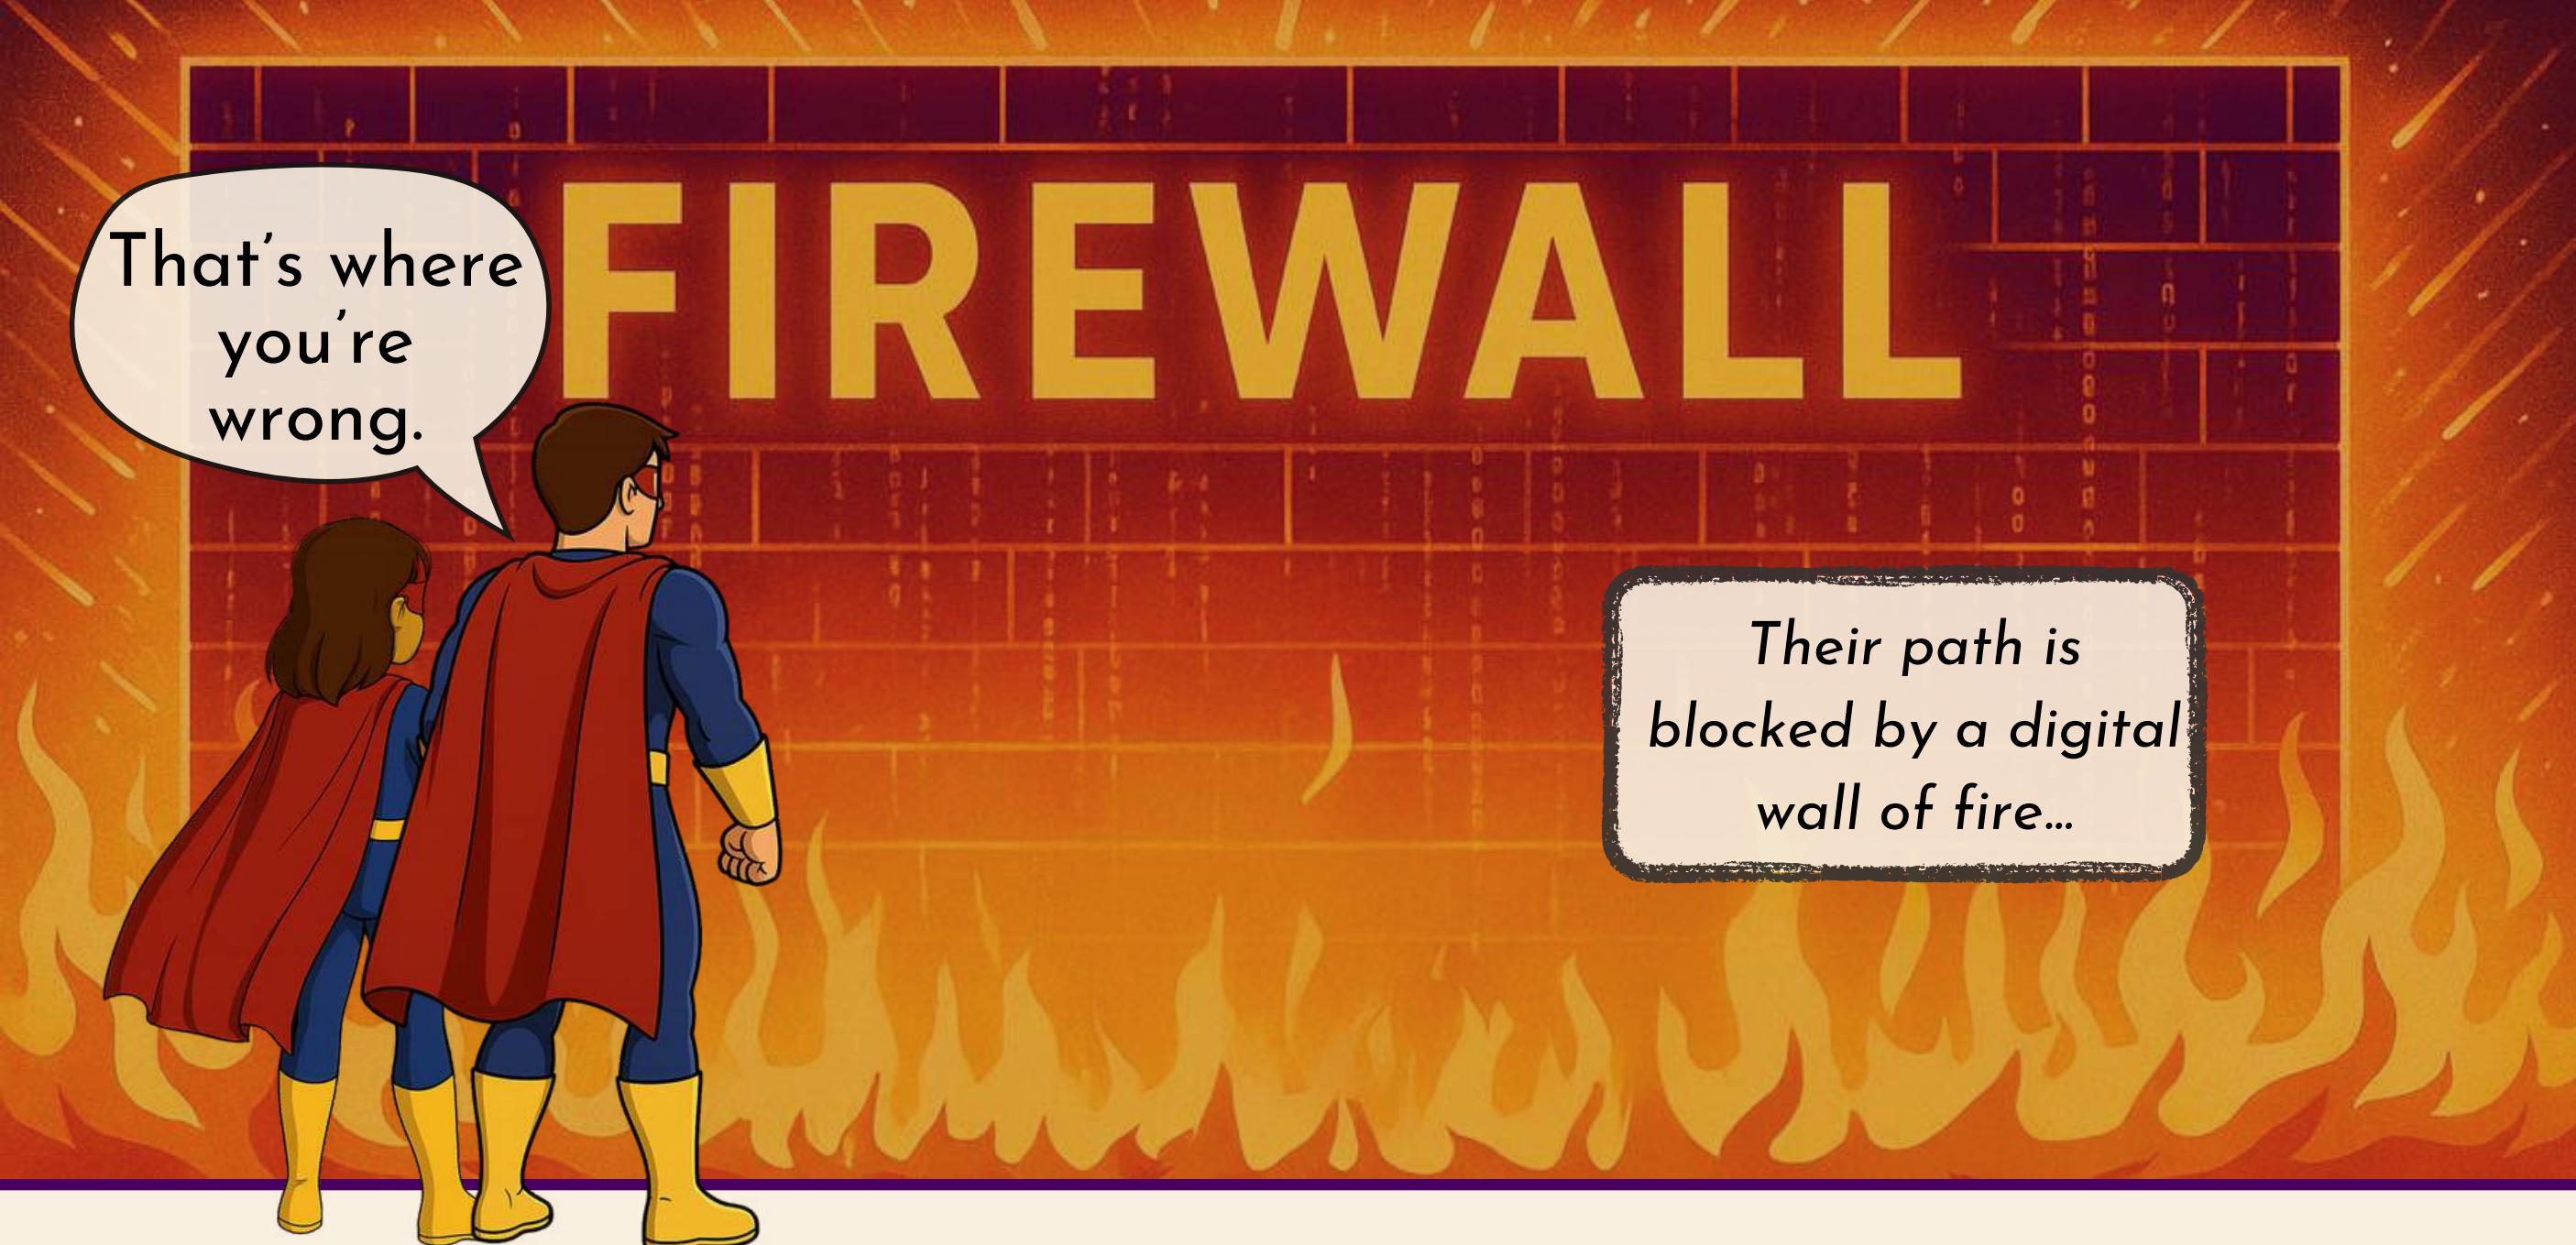

The Password
Heroes enter
Hackzor's domain...

To be continued...

INTO THE FIREWALL

The real battle is just beginning...

THE TRAP IS SET

So... they think
they can stop
me?

Meanwhile, deep
in Hackzor's
hideout...

PASSMATE
TEAM
DETECTED

Meanwhile, deep
in Hackzor's
hideout...

Let's see
how they
handle this...

VIRUS
RELEASED

A trap is already
waiting for the
heroes...

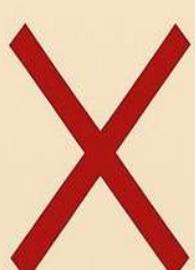

SECURITY
BREACH
DETECTED
IN DANGER

But will they walk right into it?

PASSMATE TO THE RESCUE

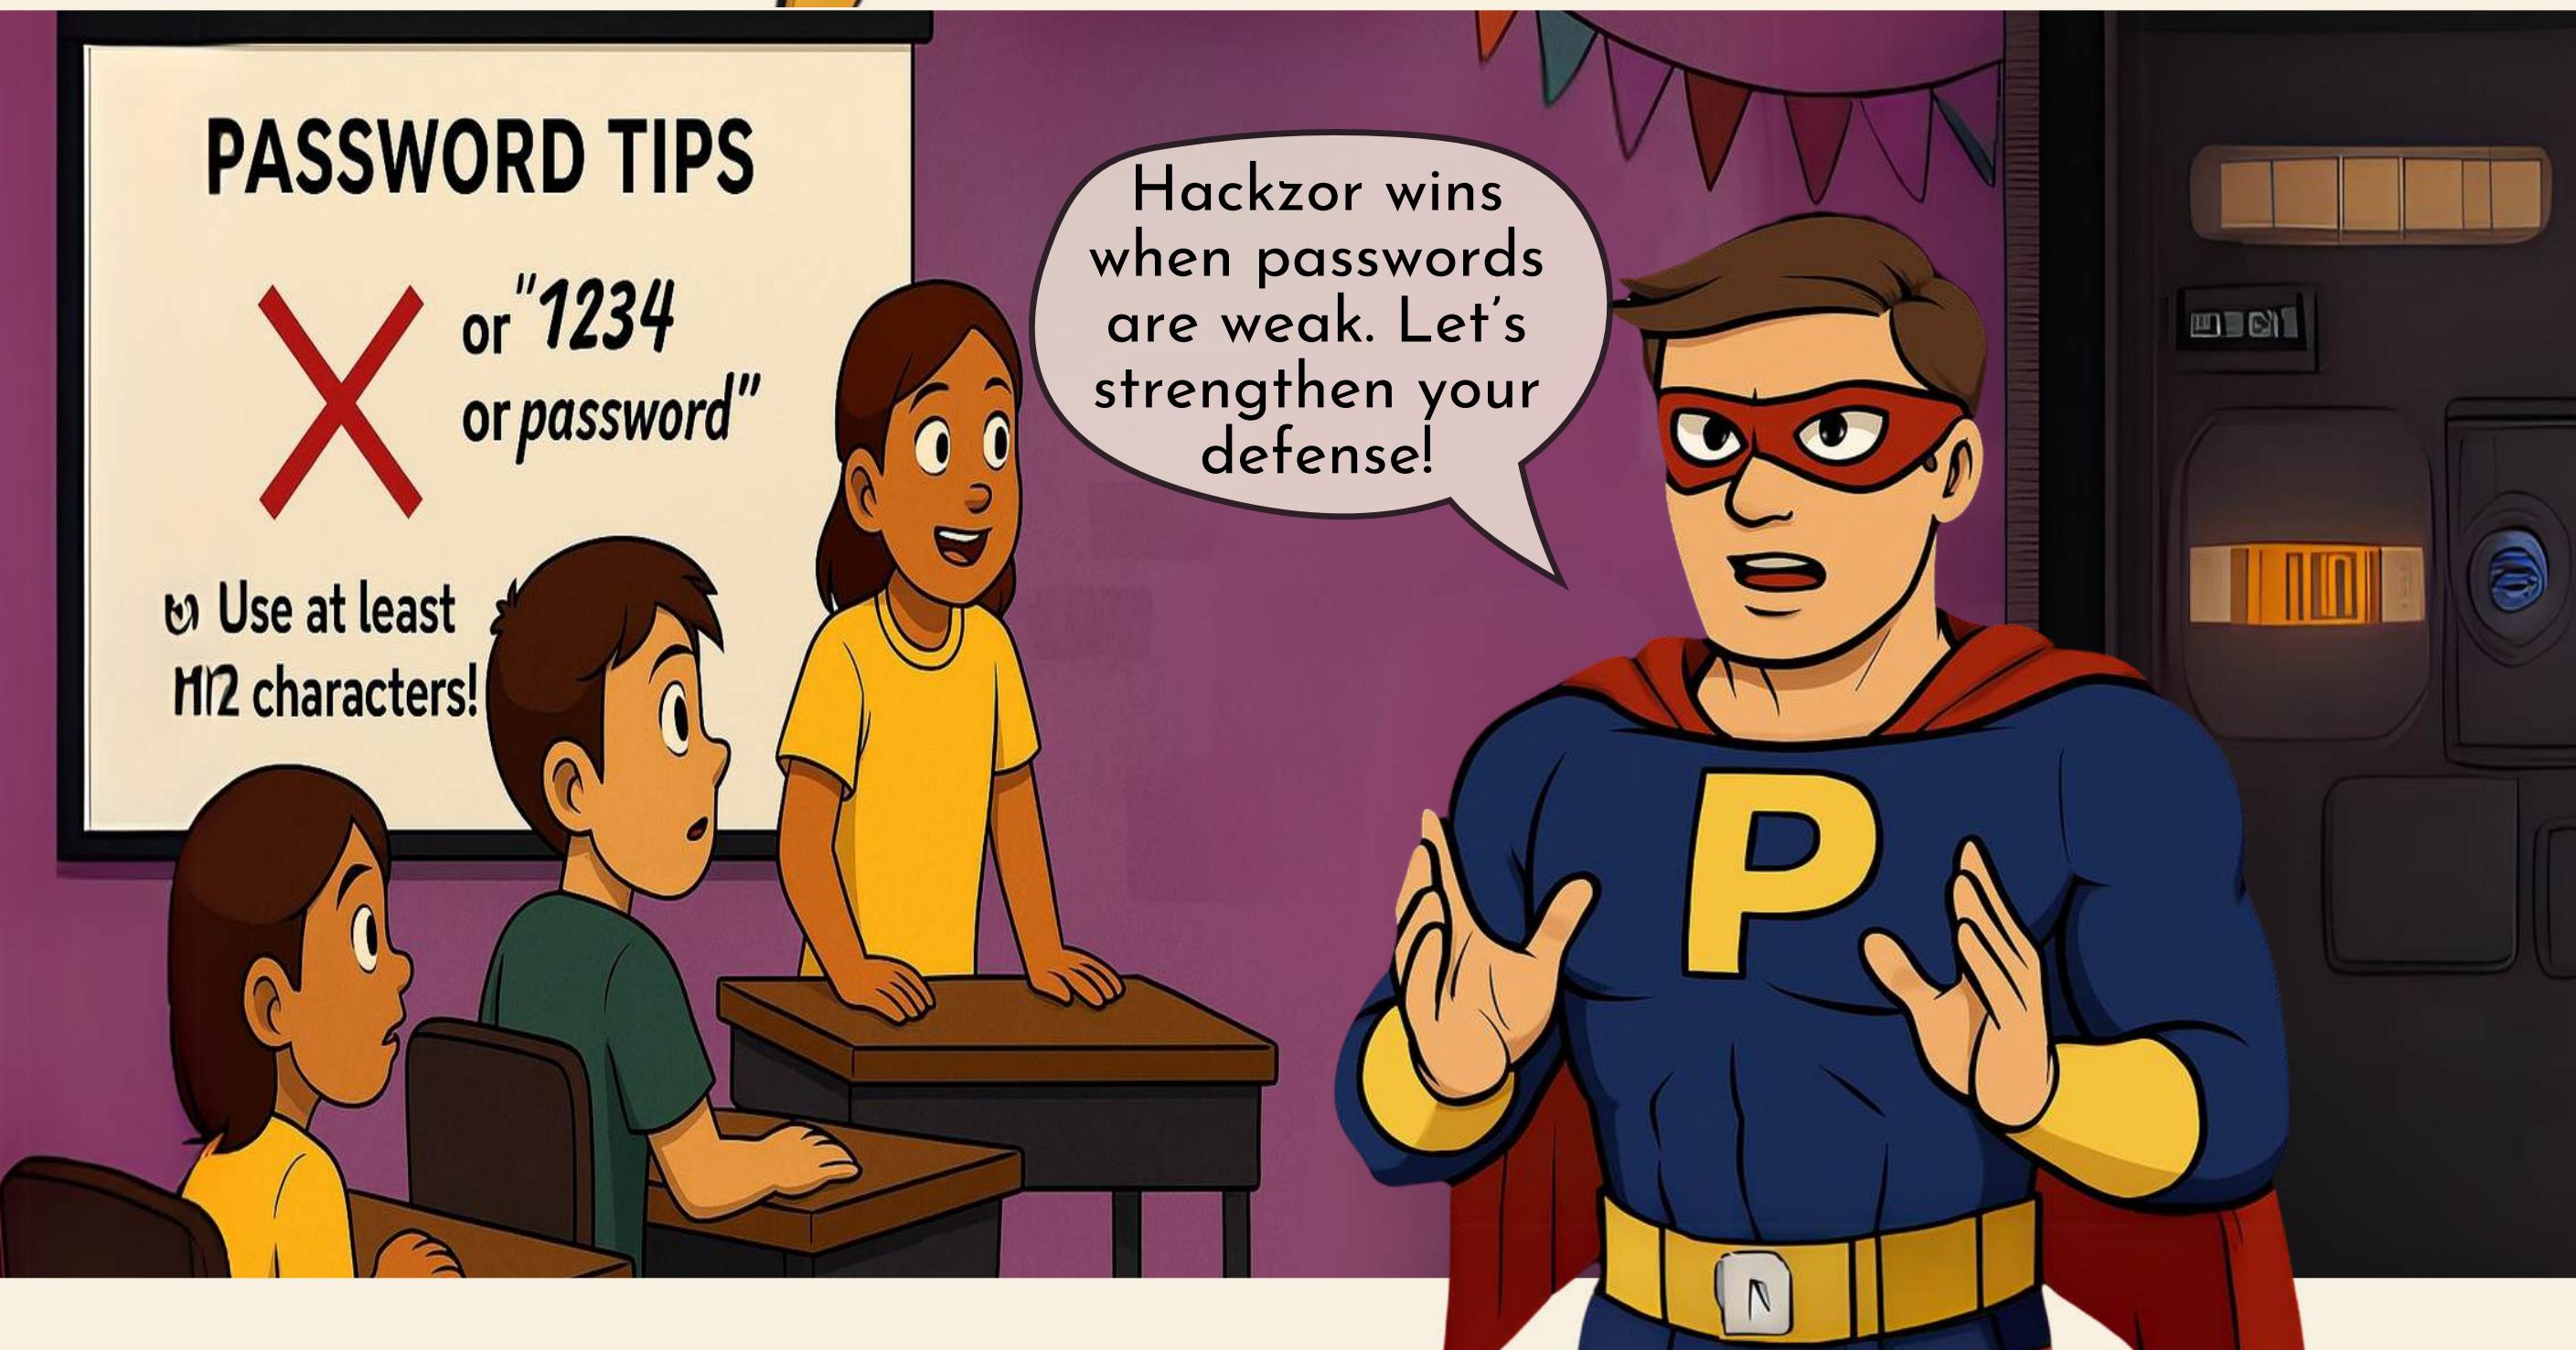

PASSWORD TIPS

or "1234
or password"

Use at least 8-12 characters!

Hackzor wins when passwords are weak. Let's strengthen your defense!

STRONG PASS

2FA

PASSWORD MANAGERS

These three tools can defeat any hacker—let me show you how.

Weak passwords = easy hacks!

CYBERSECURITY MASTERCLASS

VICTORY AND SAFE FUTURE

Be smart—share cybersecurity!
